

Fremont Open Space Committee Meeting Minutes
Tuesday, February 2, 2010
DRAFT

Attendance: Jack Karcz, Jack Downing, Mathew Thomas, Dennis Howland, and Kenn Jones
The meeting began promptly at 7:00 pm.

The group discussed whether it was necessary to restart the activity of monitoring the Glen Oaks property as a monthly process. It was pointed out that after initial issues with land misuse, in recent months there have been very few problems. It was agreed that the checklist could be recreated and then utilized along with an updated map of the area.

The group reviewed the process used during the creation of the recently created CTAP Open Space Task Force report and how the processes could be improved in the future. The group agreed that the process was helpful and that the completed report could be used as another data point when assessing properties.

The Committee voted to accept minutes from the last Open Space meeting of November 3, 2009 and agreed to meet again Tuesday May 4, 2010 at 7:00 pm at the Fremont Town Hall.

The meeting adjourned at 8:40 pm.
